

Teacher Digital Creators

ZTH-EDU-001 | Digital Transformers | Core | Education, development and writing

8 weeks

duration

32 hours

learning time

2 x 2h

live sessions per week

US\$100.00

fee per learner

In this course you will plan lessons with AI and verify them.

Delivery

Offline-ready: can run without internet

Suitable for

Teachers, Tertiary and university, Women and girls, NGOs and community hubs

What you will be able to do

- Plan lessons with AI and verify them
- create interactive content
- run online and blended lessons
- assess digitally

Syllabus

1. Digital teaching mindset and ethics
2. AI-assisted lesson planning
3. Slides and visual resources
4. Recording lessons
5. Moodle basics
6. H5P and digital assessment
7. Running online and blended classes
8. Showcase

Hands-on practical work

- Produce a resource pack for one unit
- record two lessons
- build a mini-course
- teach a live online practice session

Resources and equipment

Teacher's phone or laptop, projector or phone mirroring, Moodle access, free screen recorder, microphone

Off-grid and solar option

Teachers prepare content offline on a solar-charged laptop; resource packs exported to USB for use in schools without internet

Assessment

Portfolio, peer review, live teaching

Career direction

Digital teacher, instructional designer, online tutor, LMS administrator, education content creator

Schools and universities need teachers who can create and deliver digital learning; online tutoring is a growing income route
